

Make Hand Hygiene a Key Part of Your Preparedness Plan

The CDC and the U.S. Department of Health and Human Services advise colleges and universities to:

- Encourage students to practice good hand hygiene
- Purchase, store and provide easy access to hand hygiene products, like soap and water and alcohol-based hand sanitizers
- Educate on proper hand hygiene and cough etiquette

GOJO Makes it Easy

According to the CDC, keeping hands clean is one of the most important steps to take to avoid getting sick and spreading germs to others. GOJO makes it easy with a program that helps teach and encourage good hand hygiene.

- **PURELL, America's #1 instant hand sanitizer.** PURELL kills 99.99% of most common germs that may cause illness. Place it in dormitories, health clinics, dining facilities, recreation and athletic facilities, other common areas. Now available in a touch free dispenser and a foam formula that encourages use.
- **GOJO Foam Soap.** Luxury foam formulas encourage use. Now available in a touch-free, high capacity dispenser.

Make good hand hygiene a part of your preparedness plan.
For more information, call 1-800-321-9647 or visit www.GOJO.com

Experience the results of a comprehensive hand hygiene program.

GOJO makes it easy to implement a complete hand hygiene program as part of your preparedness initiative. For more information, contact your GOJO distributor or call 1-800-321-9647.

43% fewer missed school days¹

In a recent study, missed school days were reduced by 43% among university students that used PURELL® regularly and were exposed to a hand hygiene education program vs. students that did not.

What results will you achieve?
